

Identity Boxes

Dear Prep Parents,

During our Identity unit each student will deliver a short oral presentation about objects and the people that are important to them.

Each student will share objects or photos that can fit into some sort of small box. You could use a shoe box or an ice cream container.

Objects can include a favourite teddy, family photos, gold medals, favourite toys, etc.

During this presentation each student will be encouraged to make eye contact with everyone in the room and speak clearly so that everyone in the room can hear them.

Please arrange a container and some objects for your child to share with the rest of the class.

*Please bring your identity box and contents to school by **Friday 13th of March** so we can begin the presentations in class the following week.*

Thanks for your assistance,

Prep Team 😊
