

Science Fair was fun because I learnt new things, like how to make a lemon battery—Kurt

I enjoyed researching about honeycomb the most—Chloe K

I enjoyed doing experiments, learning new things, testing things out, having fun, and doing things we've never done before—Eliza

It was a great night and we enjoyed sharing our learning with our friends and family—Ahilan and Taiga

I enjoyed people asking questions and testing what I knew about planets—Roberta

I really enjoyed learning how volcanoes erupt and watching them explode—James H
