Educating through movement

This term the year 5's participated in the Footsteps Dance program. They learnt choreography to dances such as *TNT* by ACDC and *Can't Hold Us* by Macklemore. They also learnt to choreograph their own dances in groups including movements such as sliding, balancing, growing and dance canons. The year 5's will be participating in the Footsteps dance program again in year 6 for their graduation presentation.
